Dear Captain Limón

On behalf of SEPLA President, Capt. Jose Maria Vazquez, and all the Spanish Pilots' community, I would like to express our greatest appreciation to all IFALPA Member Associations for their support and solidarity on the dramatic accident yesterday in Madrid-Barajas Airport.

Yesterday we felt the pain and the grief of having lost some fellow pilots and cabin crewmembers and the majority of passengers of flight JKK 5022.

But we also felt the hearts and souls of worldwide pilots supporting us and relieving our sadness.

Please send our deepest gratitude to all IFALPA Member Associations, Executive Board Members and Staff in these bitter days.

Sincerely yours,

Juan Carlos Lozano  
IFALPA Director
